

Membership Guidelines

Memberships are offered to individuals who, in exchange for 12 monthly payments or payment in full for 13 months, will receive reduced pricing on services outlined in each membership. The following guidelines also apply:

- A membership is not transferrable for others to use unless specified in the contract.
- Cancellation of memberships require a 30-day written notice and will be charged a \$75 cancellation fee.
- If a membership is cancelled, any unused services will be forfeited if not used by the membership expiration date. We will do our best to try and schedule your unused services during this period, but it will be based on availability. Scheduling in advance will assist in assuring you are able to get your desired dates and times.
- In the event extenuating circumstances arise (i.e., medical issues, loss of employment), your membership payments may be frozen for up to 3 months. Requests for freezing a membership must be made prior to the membership expiration date.
- Cancellations for scheduled appointments less than 24 hours may result in a loss of the scheduled service if the appointment is not able to be filled.
- Membership payments are not refundable.
- If your credit card payment is declined for membership payments due to expired credit cards, we will contact you to update your credit card information.

I understand that my membership expiration date is _____ and that all services and privileges must be used by the expiration date. I have read and understand the guidelines of the membership program and I agree to the terms outlined above.
