

NECK AND DÉCOLLETÉ SKIN REJUVENATING PROTOCOL

Step 1:

HYDRODERMABRASION with Z-SalicPure or HydroClear Serum

Use clear tips and moderate vacuum suction to gently exfoliate and refresh the skin.

Step duration: 10 minutes

Step 2:

RadioFrequency with Zemits FirmingGenius Gel

Perform lifting RF massage. Step duration: 8-10 minutes

Step 3:

Oxygen Application to deeply infuse serums and boost collagen production.

Add 3-5ml of the Z-OxyTight anti-aging serum (rich with peptides and hyaluronic acid) to the oxygen gun container. Perform the Oxygen Infusion facial using slow circular motions. Step duration: 5-8 minutes

After treatment is complete apply moisturizer and sunscreen
